### **Report On Event: 1 Ganpati Idol Making**

Date: 4/9/2021

Ganesh Chaturthi is an auspicious Hindu festival which is celebrated for 10 days every year. To celebrate this festival with joy and making it natural friendly there was a workshop conducted for the students of Satish Pradhan Dnyanasadhana College Thane by Nikhil Gaurav from Gaurav Kala Kendra Thane, Alumni of our college.

Students were taught a technique of making Eco Friendly Ganpati idol out of Shalu Soil and Natural Colors. The idol is purely made up of natural products idols are also infused with seeds which turn into plants after immersion & thus promoting mass to grow more trees. Eco Friendly Idols saves our water resources, the idols made up of harmful chemicals pollute water bodies. Whereas, idols made by soil and eco products are safe for the water bodies.

Number Of Students Participated: 7

Event was managed by: Prof Prachi Bakle  
Prof Sneha Thakkar
