**Report on Analysis of Feedback on Curriculum Collected From Students  
Academic Year – 2020-2021**

**Students Feedback**

Students are the most important stakeholders of higher education. The interest and participation of students at all levels in both internal Quality Assurance and External Quality Assurance have to play a central role. We have collected feedback on curriculum from our undergraduate students of SYBAMMC [SYBA in Multimedia & Mass Communication] in online mode.

**Report on Analysis of Feedback on Curriculum Collected From Students  
Academic Year – 2020-2021**

**Students Feedback**

Students are the most important stakeholders of higher education. The interest and participation of students at all levels in both internal Quality Assurance and External Quality Assurance have to play a central role. We have collected feedback on curriculum from our undergraduate students of TYBMM [TY Bachelor of Mass Media] in online mode.

## **Feedback by students on Curriculum of S.Y.B.Sc. Practical's**

### **Feedback Analysis**

All of the students have been involved in giving their feedback about the various criteria of the syllabus. Nearly 26 % of the students felt that the syllabus is in excellent continuation with the previous syllabus. 34% of the students agreed thoroughly that the syllabus helps in up gradation of skills. 20% of the students were of the opinion that the syllabus aided them in excellent manner in understanding real life situations. This low number could be because of lack of awareness on the part of students. 21% of the students were of the opinion that the overall quality of the syllabus was excellent. The same percentage of students also felt that syllabus dealt with the basic concepts in an excellent manner with the concepts going from simple to complex in a smooth manner. Furthermore, nearly the same percentage also voted for the excellent employability that the syllabus could offer. The opinion on the various programmes such as Debates, Discussion, Assignments, Book reviews and Project work carried out by the department was divided equally across the parameters of Excellent, very good, good and satisfactory. 30% of the students felt that the learning material provided by the teachers is of excellent quality. 23% of the students came in the blue (excellent) and 27.7% in the red (very good) category regarding the Industrial visits carried out by the department. The same result was obtained in the category of how the students felt about the Evaluation system. Equal number of students reported very good performance in these categories. Nearly 25% of the students felt that the ICT enabled teaching was of excellent quality. This important aspect of teaching during these pandemic times is finding acceptance from students and should only grow with time. Lastly, 30% of the students voted as excellent about the manner in which the Remedial lectures were carried out. Remedial lectures form an important activity in the student's academic year and we will continue to encourage them to participate in order that they may be able to remedy their performance in the exams.

## Report of Analysis of Feedback on Curriculum from Students

Academic Year: 2020 – 2021

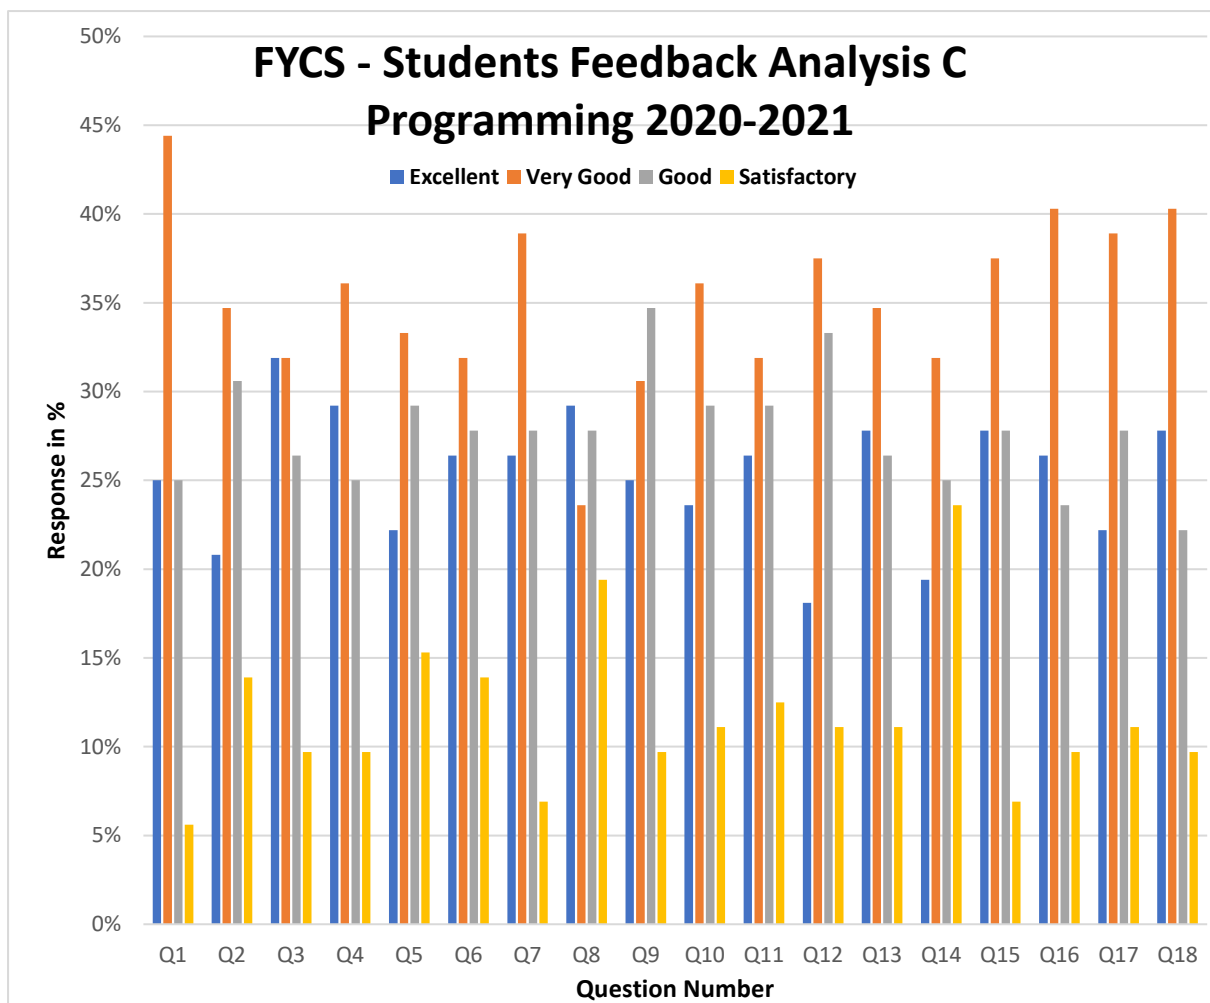

The students are the most important stakeholders of Higher Education systems. The interest and participation of students at all levels in both internal quality assurance and external quality assurance have to play a central role. From the current academic year, the college has started online feedback system. In a Feedback form questions related to: curriculum updated enough, curriculum content interesting, whether it is fulfilling expectation, applicability, relevant for the solution of local problems were kept. We have collected online feedback from our undergraduate First year CS students.

## Report of Analysis of Feedback on Curriculum from Students

**Academic Year: 2020 – 2021**

The students are the most important stakeholders of Higher Education systems. The interest and participation of students at all levels in both internal quality assurance and external quality assurance have to play a central role. From the current academic year, the college has started online feedback system. In a Feedback form questions related to: curriculum updated enough, curriculum content interesting, whether it is fulfilling expectation, applicability, relevant for the solution of local problems were kept. We have collected online feedback from our undergraduate First year IT students.
