1.4.1 – Action Taken Report on Feedback on the syllabus and its transaction at the institution from stakeholders.

The feedback of students, employers, faculty, and alumni plays crucial role in the improvement of academic progress of an institution. In this academic year of 2022-23, the college gained feedback from all the main stakeholders viz., the students, employers, faculty, and alumni of the institution. In this aspect, the Internal Quality Assurance Cell (IQAC) of the institution designed the questionnaire for students, employers, faculty, and alumni. The questionnaire primarily covered all the subjects and curriculum enhancement.

As students, stakeholders of any educational institution, their feedback is enormously valuable. Their valuable feedback can be utilized to improve the teaching-learning techniques. After taking the feedback from students it was observed that majority of the students accept that the curriculum is relevant. Most of them agreed that overall academic environment is either excellent, very good or good in the institution.

Faculty, the most significant stakeholders for any educational institution, their feedback contributes for improving the teaching-learning methodologies of the institution. As per feedback received from faculties majority of them accept that the curriculum is excellent. Most of them accept that there is an adequate balance between the practical and theory in the curriculum. All the faculty members accept that the overall academic environment, co-curricular activities, and research projects encouragement is excellent, very good or good in the college.

Employers, backbone of any Institution, plays important role in enhancing good atmosphere for students. Feedback responses received from employers accept that overall atmosphere for curricular and extra co-curricular activities are excellent, good and nice.

The most vital source, Alumni also gave their valuable feedback for a college. Feedback received from alumni is also an important for enhancing the excellence in teaching-learning techniques.
