## *Message from the Founder President and Trustee*

*Dear Students and Families,*

*Welcome to Satish Pradhan Dnyanasadhana College Thane (established in the year 1980) and thank you for taking the time to learn more about us.*

*On behalf of the SPDC faculty, administration, and staff, I welcome you to visit our website which is [www.dnyanasadhanacollege.org](http://www.dnyanasadhanacollege.org) We are very happy to become acquainted with you and to help you succeed in your educational journey.*

*The student is the most important person on our campus. We create opportunities and inspire students to achieve their goals. We recognize that, in addition to our students' academic pursuits, to lead full, satisfactory lives, they need our support. Accordingly, SPDC offers more than just a great learning experience. It broadens horizons and challenges assumptions.*

*As the President of SPDC, it is my pleasure to share with you my vision of this institution.*

*Our VISION is to develop a centre of excellence in education. SPDC seeks for academic excellence in all of its educational programs. Our major strength lies in a strong team of highly qualified faculty and dedicated staff who deliver first class education.*

*Currently, we at Satish Pradhan Dnyanasadhana College, Thane have 34 teaching staff who have been awarded Ph.D. degrees and 4 of the teachers are pursuing Ph.D. All these multi talented professors inspire students to present their Research papers in State / National / International conferences, which will add high value to their profile after graduation.*

*Moreover, in the fast-changing global economic environment, SPDC strives to bring global perspective to all its programs and activities. Advanced technology is employed for effective delivery and the curriculum emphasizes practical orientation in its academic approach. The college plans for global alliances with highly reputed academic organizations. We believe in preparing global leaders who in turn can reckon with contributing to the national and global economy and civil society.*

*SPDC has taken significant steps in the pursuit of academic excellence. Some of the specific steps taken include recruitment of highly qualified faculty with a global perspective, designing the course curriculum, and starting some of the courses which are solely available in Thane city. This will save valuable time otherwise spent in commuting.*

*While we are happy with the accomplishments of the SPDC so far, our MISSION is to strengthen the students academically, socially and economically. Here, you will find exceptional experiences that allow you to grow and develop, explore new interests and fully realize your potential. Every student who walks into SPDC can dream of passing out with nothing less than a Ph.D. These and many such pursuits await the learners of this valued institution.*

*Similarly, producing career-ready graduates has always been central to our mission. Through a process that includes career exploration and professional preparation, we connect you with career paths and foster the skills and mindset needed for professional advancement. *President, Dnyanasadhana, Thane*

## Message from the Principal

*Welcome to Satish Pradhan Dnyanasadhana College, Thane! Rest assured that you have come to the right space where Learning meets Creativity; a natural extension of our enthusiasm for knowledge. It's also the soil where seeds of success are sown at the right age, translating into a better society.*

*With 4 decades in the field of Higher Education, here in SPDC, actions literally speak louder than words. This is evident in our unwavering commitment towards our stakeholders. Despite the devastating effects of the pandemic, the spirit of this great institute of learning stands tall and unrelenting in its "pursuit of knowledge" i.e., "Dnyanasadhana". We have tried to make life easy for the students in every possible manner. Be it the technical training of the teaching faculty to meet the demands of the online classroom or making learning accessible to the students in the remotest part: the institution stood its ground in offering unconditional support to everyone directly or indirectly connected to it. In terms of preventive measures, more than 6000 students have been vaccinated till date.*

*Clearly, the torchbearers behind the success of any academic institution is the teaching fraternity that constantly keep themselves at par with the global academic standards. With 34 teachers being awarded Ph.D. from reputed Universities and 4 pursuing Ph.D., we can definitely vouch that within a short duration the entire teaching community of SPDC will have attained Ph.D., the highest academic degree. Research Conventions, Webinars, Workshops and Conferences are an everyday affair in SPDC. Apart from the University Curriculum, SPDC offers several Certificate and Add-On Courses by professionals to make our students career ready.*

*Moreover, with state-of-the-art infrastructure and 77,000 plus books, journals, e-journals and more we are one of the leading institutions who have 8623 number of students of junior and senior college studying in Aided and Self-Financed Courses backed by a strong alumni who provide financial support and mentoring skills, we have professionals working in leading firms like Pharmaceuticals, Banking, IT, journalists, teachers, leaders, corporators, sportspersons and the like. The Placement opportunity we provide speaks for itself. Last year we have had 99 students placed in leading companies.*

*Fundamentally speaking, success doesn't imply only having made it materially in the world. Like the great writer, Toni Morrison who very aptly said that if you are free, you need to free somebody else; real success happens when we lift others. In our commitment towards a more humane and holistic world, SPDC has been involved in several social welfare programmes. We lead by example and "Being Me", is one such initiative that consistently works towards building a platform where compassionate treatment of the socially marginalized is practiced to the core. Be it the economically deprived or the victims of social prejudice like the transgender community; or even the physically disadvantaged; or the terminally ill, SPDC has been able to create tie-ups with many organisations to nurture empathetic understanding and grooming of students in this regard. Regular workshops with experts in the field, Methodical surveys, Doctors and Professionals are sought to expose the students towards better insight.*

*We were able to rehabilitate the flood victims of Mahad, Poladpur and provide financial and material support to the needy.*

*SPDC is NAAC reaccredited with B+ grade and ISO 21001-2018 Certified. The growing number of students in this institute is a validation of our journey towards achieving the mission and vision of the institute.*

*Last but not the least, we have a sound online feedback mechanism on our website, [dnyanasadhanacollege.org](http://dnyanasadhanacollege.org) which ensures free and open dialogue between the students and the patrons of this magnificent institute, that is SPDC!*

*Wish you a wonderful academically fulfilling life!*

## *Message from the Founder President and Trustee*

*Dear Students and Families,*

*Welcome to Satish Pradhan Dnyanasadhana College Thane (established in the year 1980) and thank you for taking the time to learn more about us.*

*On behalf of the SPDC faculty, administration, and staff, I welcome you to visit our website which is [www.dnyanasadhanacollege.org](http://www.dnyanasadhanacollege.org) We are very happy to become acquainted with you and to help you succeed in your educational journey.*

*The student is the most important person on our campus. We create opportunities and inspire students to achieve their goals. We recognize that, in addition to our students' academic pursuits, to lead full, satisfactory lives, they need our support. Accordingly, SPDC offers more than just a great learning experience. It broadens horizons and challenges assumptions.*

*As the President of SPDC, it is my pleasure to share with you my vision of this institution.*

*Our VISION is to develop a centre of excellence in education. SPDC seeks for academic excellence in all of its educational programs. Our major strength lies in a strong team of highly qualified faculty and dedicated staff who deliver first class education.*

*Currently, we at Satish Pradhan Dnyanasadhana College, Thane have 34 teaching staff who have been awarded Ph.D. degrees and 4 of the teachers are pursuing Ph.D. All these multi talented professors inspire students to present their Research papers in State / National / International conferences, which will add high value to their profile after graduation.*

*Moreover, in the fast-changing global economic environment, SPDC strives to bring global perspective to all its programs and activities. Advanced technology is employed for effective delivery and the curriculum emphasizes practical orientation in its academic approach. The college plans for global alliances with highly reputed academic organizations. We believe in preparing global leaders who in turn can reckon with contributing to the national and global economy and civil society.*

*SPDC has taken significant steps in the pursuit of academic excellence. Some of the specific steps taken include recruitment of highly qualified faculty with a global perspective, designing the course curriculum, and starting some of the courses which are solely available in Thane city. This will save valuable time otherwise spent in commuting.*

*While we are happy with the accomplishments of the SPDC so far, our MISSION is to strengthen the students academically, socially and economically. Here, you will find exceptional experiences that allow you to grow and develop, explore new interests and fully realize your potential. Every student who walks into SPDC can dream of passing out with nothing less than a Ph.D. These and many such pursuits await the learners of this valued institution.*

*Similarly, producing career-ready graduates has always been central to our mission. Through a process that includes career exploration and professional preparation, we connect you with career paths and foster the skills and mindset needed for professional advancement. When you walk across the stage as a graduating senior at commencement, you will have more than just a degree from SPDC. You will have career direction and the confidence needed for success in your chosen field.*

*Lastly, becoming a SPDC member means you are part of a close-knit community that will support you from day one and help you achieve your vision of success. Our mission is to help you grow, discover, and realize your aspirations. ## Message from the Principal

*Welcome to Satish Pradhan Dnyanasadhana College, Thane! Rest assured that you have come to the right space where Learning meets Creativity; a natural extension of our enthusiasm for knowledge. It's also the soil where seeds of success are sown at the right age, translating into a better society.*

*With 4 decades in the field of Higher Education, here in SPDC, actions literally speak louder than words. This is evident in our unwavering commitment towards our stakeholders. Despite the devastating effects of the pandemic, the spirit of this great institute of learning stands tall and unrelenting in its "pursuit of knowledge" i.e., "Dnyanasadhana". We have tried to make life easy for the students in every possible manner. Be it the technical training of the teaching faculty to meet the demands of the online classroom or making learning accessible to the students in the remotest part: the institution stood its ground in offering unconditional support to everyone directly or indirectly connected to it. In terms of preventive measures, more than 6000 students have been vaccinated till date.*

*Clearly, the torchbearers behind the success of any academic institution is the teaching fraternity that constantly keep themselves at par with the global academic standards. With 34 teachers being awarded Ph.D. from reputed Universities and 4 pursuing Ph.D., we can definitely vouch that within a short duration the entire teaching community of SPDC will have attained Ph.D., the highest academic degree. Research Conventions, Webinars, Workshops and Conferences are an everyday affair in SPDC. Apart from the University Curriculum, SPDC offers several Certificate and Add-On Courses by professionals to make our students career ready.*

*Moreover, with state-of-the-art infrastructure and 77,000 plus books, journals, e-journals and more we are one of the leading institutions who have 8623 number of students of junior and senior college studying in Aided and Self-Financed Courses backed by a strong alumni who provide financial support and mentoring skills, we have professionals working in leading firms like Pharmaceuticals, Banking, IT, journalists, teachers, leaders, corporators, sportspersons and the like. The Placement opportunity we provide speaks for itself. Last year we have had 99 students placed in leading companies.*

*Fundamentally speaking, success doesn't imply only having made it materially in the world. Like the great writer, Toni Morrison who very aptly said that if you are free, you need to free somebody else; real success happens when we lift others. In our commitment towards a more humane and holistic world, SPDC has been involved in several social welfare programmes. We lead by example and "Being Me", is one such initiative that consistently works towards building a platform where compassionate treatment of the socially marginalized is practiced to the core. Be it the economically deprived or the victims of social prejudice like the transgender community; or even the physically disadvantaged; or the terminally ill, SPDC has been able to create tie-ups with many organisations to nurture empathetic understanding and grooming of students in this regard. Regular workshops with experts in the field, Methodical surveys, Doctors and Professionals are sought to expose the students towards better insight.*

*We were able to rehabilitate the flood victims of Mahad, Poladpur and provide financial and material support to the needy.*

*SPDC is NAAC reaccredited with B+ grade and ISO 21001-2018 Certified. The growing number of students in this institute is a validation of our journey towards achieving the mission and vision of the institute.*

*Last but not the least, we have a sound online feedback mechanism on our website, [dnyanasadhanacollege.org](http://dnyanasadhanacollege.org) which ensures free and open dialogue between the students and the patrons of this magnificent institute, that is SPDC!*

*Wish you a wonderful academically fulfilling life!*
