HEI Response

HEI established a systematic mechanism for collecting feedback on the curriculum from various stakeholders, such as students, teachers, employers, and alumni, annually. Following the collection, the feedback was analysed, and the results of the analysis, along with the actions taken, were published on the college website for the benefit of all stakeholders. This information was also communicated to the University of Mumbai through the members of the Board of Studies of various programs. The aforementioned communication was submitted to the members of the BOS, who are teachers of various colleges and do not possess the authority to affix the university seal; as a result, the earlier documents did not bear the university seal. However, following a recommendation from DVV, the university was requested to provide documents with the seal. Currently, the HEI is providing documents bearing the university seal.

HEI Provided the Following Documents for Verification

1. All the supporting documents related to Feedback as per SOP.

2. University communication documents with the seal of the university.
