Criterion – VI

6   **Governance, Leadership and Management**

6.1   **State the Vision and Mission of the institution**

     Vision   **:**   Develop a centre of excellence

     Mission   **:**   To strengthen the students academically, socially and economically

6.2   **Does the Institution has a management Information System?**

Head of the institution collects information through sources like meetings with IQAC, heads of the departments, statutory and non-statutory committees, suggestion boxes and different official websites which is then communicated to local management committee of the college and other stakeholders. Questionnaires are administered to students to take their feedback on academics, facilities and infrastructure of college. IQAC takes review and presents it to the Principal who later on presents to LMC.

The feedback of activities are reviewed and discussed for the appropriate action. The important decisions and actions taken are informed to the parents and alumni during their meetings. Principal has started a new initiative called "Coffee with Principal" in which information, views and suggestions are collected from the students which is then communicated to concerned stakeholders. Plans devised and approved by planning board are communicated to the staff members by principal during meetings with Heads of the Departments and staff members.

The website is regularly updated and used by all the stakeholders. College has Facebook webpage for giving broader exposure to the various events organised in the institute. The hits on the webpage are the proof of success of our objective of maximum reach. Print media also gives coverage to activities conducted in the institute. Most of the Newspapers have separate page on specific days for publishing such events relating to higher education institutes.

Paperless communication is encouraged by use of website, emails and common WhatsApp groups. Suggestions, grievances and feedback can be directly mailed to the Principal. Biometric attendance record system is used for faculty and non-teaching members. Computerised system is used for managing admissions, online feedback and examinations.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

The curriculum is prescribed by University of Mumbai. Some of the faculty members are in Board of Studies and on the committees of syllabus framing and syllabus revision. Faculty members attend various syllabus revision workshops in which they get opportunities to share their opinions. The suggestions made by them are generally incorporated. Some departments conduct bridge courses in the beginning of the academic year.

6.3.2 Teaching and Learning

The quality enhancement technique of our college is focussed on making teaching and learning student friendly, interactive and collaborative. Importance is given to theoretical and practical aspect of teaching and learning with equal emphasis to in-class and out of class teaching. IQAC of our college collects the feedback about the teaching learning process from various stakeholders. Analysis of this feedback is used to improve the teaching learning process. Following steps are taken to make teaching and learning more effective:

- Designing hand-outs
- Organizing meetings with authors for literature students
- Guidance for simplifying Maths through Vedic mathematics for Arts students.
- Training students for creative writing like short stories, poems etc.
- Hands-on experience in Horticultural practices in college botanical garden
- Court visits
- Conduct of Quiz on selected topics
- Poster presentations, you tube videos, stimulation, models, maps, software etc.
- Peer learning
- Wi- fi facility in staff room
- E-learning resource centre for students
- N-LIST for teachers as well as the students
- Giving glossary of the unfamiliar terms

- Experimental learning through handling legal documents, mock trading in the share market, understanding operations of machines, exhibitions, mathematical games, scientific models and rangoli competition on basic diagrams in Economics.
- Holding debate competitions, computer program writing competitions, Chemistry nomenclature competition, quiz competition and photography competition

6.3.3   Examination and Evaluation

Strict implementation of rules and regulations pertaining to examinations is followed by our college. Distinctive seat numbers are generated which is termed as DRN (Dnyanasadhana registration number) for third and fourth semester. Attendance sheet bearing the photograph of student has been prepared which puts control on malpractices. Improved attendance sheets save time of junior supervisors. Blank mark lists are emailed to the examiners for entering the marks in respective subjects. Duly filled mark lists are forwarded for the compilation of the result. The performance of the students has been discussed with their parents at the time of distribution of grade cards in their respective classrooms. The internal examination is conducted to test the grasping level of students. Students are encouraged to prepare innovative projects and assignments. The syllabus is completed in 90 days in each term. Unfair means enquiry is conducted as per the ordinance of the University. Results are declared as per the time frame work prescribed by the University. Students are made aware about serious implications of involvement in mal practices by printing University guidelines on the backside of the hall ticket. Photocopy of answer sheets are made available to the students on demand as a transparent and redressal mechanism.

6.3.4   Research and Development

- Encouragement to faculty for participation and organisation in seminars and conference
- Setting up of research centres for chemistry and commerce
- Research promotion cell
- Grant by management for research promotion to students and teachers
- Subscription of e- resources
- Felicitation of research paper presenters
- Opportunity given to staff to share their research papers with colleagues

- Presentation of Ph.D. thesis
- Hosted Inter collegiate research convention Avishkar - Thane District Level
- Encourage students to participate in Avishkar Research Convention
- SPSS workshop conducted by Department of Mathematics and Commerce
- LaTeX workshop conducted by IQAC
- Provision of study leave from Management for research

6.3.5 Library, ICT and physical infrastructure / instrumentation

Our library has e-learning resource centre for students as well as teachers separately with collection of e-resources. A library committee forms policies for strengthening resources. Library provides book bank facility for underprivileged section of students. Annual theme based book exhibition is organised by library in which all the library staff is actively involved. Theme for this year was "Demonetisation".

- The library is computerised using SOUL software developed by INFLIBNET.
- Four classrooms are ICT enabled. Apart from this majority of the departments are provided with portable LCD projectors and laptops.
- AV room is equipped with Smart board and LCD projector.
- Wi-fi facility is available in library, staff room and AV room.
- Enhancement of the reading room capacity
- All the labs are properly equipped and are provided with desktops, printers and internet connectivity.
- Fully equipped separate gymnasium is available for girls and boys.
- Availability of various Sports facilities

6.3.6 Human Resource Management

The strategies involved are:

- Medical check-up and health care lecture series
- Workshop by experts on work life balance for the faculty members
- Workshop by experts on career success mantra for learners
- Conducting conferences
- Publications of research proceedings

6.3.7 Faculty and Staff recruitment

- Recruitment in accordance to UGC, University and state Government rules
- Training for teaching staff
- Additional staff is hired on CHB basis or on consolidated basis as and when required after conducting interviews by local selection committee

6.3.8 Industry Interaction / Collaboration

Strategy for encouraging industry interaction

- Expert lectures by industry experts and alumni on visiting basis
- Projects are assigned in which interaction with industry is mandatory.
- Visit to reputed institutions such as BSE, NSE, APMC, IIPS, High court, district court, RBI, Nehru Science Centre etc.
- Campus recruitment drive inviting various industries
- Career Mantra: Career fair
- Panel discussion among students and industry expert
- Courses in bakery skills conducted by industry

- Sponsorship of various events by Industries
- MOU with Skylab Analytical Laboratory- Kalyan, Adarsh collage- Omarga, Saima Ascend- Thane, Instacard service Pvt. Ltd., Techno serve and number of linkages with housing societies
- Industrial visits

6.3.9   Admission of Students

- There is a well-established system of admission.
- Students are admitted as per current University norms.
- Online procedure is implemented for all the admissions.

6.11   Activities and support from the Alumni Association?

College has an Alumni Association which is not registered. Regular meetings are held, which are planned by Alumni association.

- Feedback, suggestion and reviews from the alumni are taken and accordingly plan of action is prepared.
- Some of our alumni are faculty members in Arts, Science streams and also in self-finance courses.

- Extra requirement of the junior supervisors at the time of university examinations is fulfilled with the help of alumni.
- Highest form of participation comes from alumnus when they show their readiness to form themselves into groups and help the college to achieve excellence in various fields. NSS and our cultural events are incomplete without the help of our alumnus. They are invited as chief guest in various functions.
- Our alumni give their contribution in various field such as organisation of cultural festival, medical camp in NSS camp, Add-on courses, Career guidance, conduct of industrial visits and excursions, nature trails, inter collegiate photography competition and such other activities.

6.12   Activities and support from the Parent - Teacher Association

Parent teacher association is formed at the time of parent teacher meeting. Suggestions are invited from the association for improvement in teaching learning process and infrastructure.

6.13   Development programmes for support staff

The support staff is encouraged for higher studies and to participate in various events and showcase their talents.

6.14   Initiatives taken by the institution to make the campus eco-friendly

- Implementation of measures suggested in energy and green audit.
- Tree plantation by NSS students
- Dish garden activity
- Expert lectures
- Photography exhibition.
- Botanical garden
- Rain water harvesting
- Development and Maintenance of Thane Municipal Corporation garden.
- Celebration of "Green Friendship Day"

Floor peons take care to switch off tube lights and fans when not required and also take care to stop leakage and wastage of water from coolers and water dispensers on each floor. Students are also aware about rational use of energy and water.

Criterion – VII

7.   Innovations and Best Practices

7.1   Innovations introduced during this academic year which have created a positive impact on the   functioning of the institution. Give details.

- Phase wise ICT strengthening is helping to improve quality of teaching learning process. Almost all the departments use lap top and projector for effective communication of syllabus. Short films and YouTube videos are helpful in better understanding of course content. Online mechanism for admission and administrative work has helped in improving the efficiency and time management.

- "Signal shala", an initiative of Alumni for educating the under privileged section of society is supported by our faculty members and students in every possible way.

- There were ten add-on courses which were opted by students and were conducted to develop skills among students. As a result of this initiative many students were benefitted financially and some students were employed.

- Under Students Activity Centre (SAC) every year Eco- friendly Ganpati making workshop is conducted. This year for the first time our own student who is beneficiary of this workshop   was invited as a resource person. The same student imparted training in Guru Nanak College, Sion Mumbai.

- The beneficiary of dance workshop was appointed as choreographer by Arts Circle.

- Mentoring system was formally introduced from this year wherein mentors were given guidelines for effective mentoring by IQAC.

- Career Mantra – Career fair was yet another initiative which was a big leap towards bridging the gap between education and employment. Students got an opportunity to interact with high profile and well established institutions. Students from nearby colleges such as Anand Vishwa Gurukul and KBP College were also invited for this event. 23 institutions ranging from fields like Banking and Finance, Hotel Management, Beauty Therapy, Cloud Computing, Law, Soft skills and Communication Institutes participated.

- In our cultural programme- Utopia, short film making competition was introduced for the first time. It got good response from the students who made the films on various social issues like transgender, need of Public toilets etc.

7.2 **Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year.**

- Following courses were introduced from academic year 2016-2017
    - Bachelor of Science (Information Technology) (B.Sc. I.T.)
    - B.A. Programme in Film, Television and New Media Production
    - M.Com. (Advance Accountancy)
    - M.A. in Sociology
    - M.A. in History
    - M.Sc. Botany in Mycology and Plant Pathology
- Following new subjects were introduced from academic year 2016-2017
    - Zoology
    - Physical Education
- Add on courses were introduced such as Excel, Tally, Personality development, Public Speaking, D.T.P., Cyber Law, English Speaking, Web Designing, Vedic Mathematics, Bridal makeup and Mehendi.
- Academic Audit was conducted by inviting peer team. The peer team has submitted report to Principal as well as given their important inputs to the departments during their presentation.
- National level conferences were organized by Department of Accountancy and Botany.
- State level workshop on SPSS software was conducted by Department of Mathematics and Statistics.
- University level workshops were conducted by Department of Sociology and B.M.M. on syllabus revision.
- College face book page was introduced.
- Organised Career Mantra – Career fair
- Hosted "Avishkar 2016" jointly with Department of students' welfare, University of Mumbai on 14.12.16.
- Introduced digital attendance scheme partially
- Implementation of welfare schemes such as Health insurance, health check-up camp and financial assistance for medical causes

7.3   Give two Best Practices of the institution

BEST PRACTICE – I

Title	:	STUDENTS ACTIVITY CENTRE
Context	:	"Skill based education" is the need of the hour. Various skills can be inculcated among students and their potential can be tapped to strengthen them economically and socially. Various skill based training programme were organized by students activity centre keeping in mind the mission and vision statement of the college. Students from different economic and social strata of life have various likings and requirements.
Goals	:	• To tap potential of students and channelize their creativity for personal development and to strengthen them economically • To strengthen connect amongst students with group activity • To increase awareness of our cultural heritage • To develop entrepreneurship skill among students • To achieve personal, economic and social development of students
The practice	:	Students Activity Centre was started from the academic year 2007-2008 with a view to impart various skills to our students which can help them in overall personality development and to gain economic independence. SAC has conducted number of relevant programs to achieve the above defined goals of personal, cultural, economic and social development. • Chocolate and muffins making workshop • Eco friendly Ganpati making • Photography workshop • Ganpati decoration, lantern making and various types of Rangolis • Fabric painting and craft items from various mediums such as clay, m-seal etc. • Warli painting (tribal art)

		• Fresh flower arrangement and floral decoration workshop • Dance workshop • Photography workshop Students were trained for apt use of their creativity by developing various skills like culinary, marketing and visual presentation by providing them hands on experience. The products created are gifted to them as a souvenir of college life. Courses in chocolates-muffins and eco-friendly Ganpati idol making are in more demand. The creations of the students from these activities are exhibited. College provides platform to promote and market their products. Wide publicity of these exhibitions is made through newspapers, handouts and through personal contacts. MOU has been signed with various institutions like Fevicryl, Ushadevi college of hotel management, Beauty Bay etc.
Obstacles faced/ problems encountered	:	• Limited time and time table constraints of various faculties involved • Space constraints
Impact of practice/ evidence of success	:	Students Activity Centre has been started from the academic year 2007-2008. Every year new and varied skills are imparted through workshops conducted by experts. Every year students have given overwhelming response to the courses and they have enjoyed the course training. Students are voluntarily suggesting skills according to their need and liking which SAC happily attempts to fulfil. After enhancing the skills, students participate in different intra and inter collegiate competitions and win prizes. Students trained by SAC have started conducting training sessions and coaching programmes through which they are helping parents economically and paving way towards their future career. The skills learnt were utilized in various programmes conducted during the academic year such as foundation day celebration, Utopia (cultural fest), photography competition etc.

Resources required	:	• Creative and energetic minds
		• Motivated and enthusiastic faculty
		• Infrastructure
		• Time for planning and execution of activities
		• Space to conduct various activities

BEST PRACTICE – II

| Title | : | Contribution of Management in Research Promotion |
| Context | : | With a vision to promote research culture in our institute, the management has acted as a facilitator in various ways. Most outstanding contribution in this context has been the sanctioning of study leave with full pay for research oriented faculty members. Management has been always supportive and has encouraged research culture in college. Taking note from the first cycle of NAAC, faculty members registered themselves for Ph.D. Management took a lead in this situation and study leave were granted to the research oriented members. The financial burden related to this initiative was borne by management. As per Compendium of relevant provision of Maharashtra Universities Act, 1994(Annexure B), a teacher in a college may be granted study leave at the discretion of the governing council of the college to enable him/her to undertake higher studies or specialized training either in India or abroad in the subject having a direct and close connection with his/her sphere of duties which will increase his/her usefulness to the college. |

		Apart from study leave, other initiatives such as extensive library resources, e-resources, e-learning resource centre, strengthening of ICT, seed money for research, financial support for attending conferences etc. have been taken by management. Every year, Department of Student welfare, University of Mumbai organizes an inter-collegiate research convention to inculcate research aptitude amongst students and research scholars. Our institute got the honour of hosting "Avishkar" competition (2016-17) at zonal level (Thane district).
Goals	:	- To develop research aptitude among faculty members and students - To channelize research aptitude amongst faculty as well as students for personal and academic growth - To provide various facilities like internet lab, e resources, library etc. - To develop research skills among students that can create academic and economic opportunities - To update knowledge of faculty members and students in current research trends
The practice	:	- Staff member willing to avail study leave has to submit research proposal to LMC through IQAC. LMC in their meeting takes the decision regarding sanction of this leave. Decision is minuted and then communicated to the concerned person. - When a faculty is sanctioned study leave, care is taken to complete his/her academic and other responsibilities by appointing a qualified substitute member. Since there is no provision in University Statute for the payment of substitute member, the consolidated salary of the substitute teacher is paid by the management. - Our Management has been magnanimous enough to shoulder the responsibility. The substitute members are paid either on lecture hour basis or consolidated salary. 19 teachers were

benefitted and about Rs. 1100000/- has been paid by management.

- Study leave was also granted for completing research project granted by outside agencies such as Thanedar research foundation fellowship.

- The college hosted "Avishkar" research convention at zonal level in 2016-17. This initiative encouraged students to participate and get exposure to research culture. 102 projects from 15 colleges of Thane district participated in "Avishkar 2016". 16 projects were from our college. 5 projects were selected for University level from which one project got gold medal, which was further selected for state level. Students who attended the event got first- hand information on various research topics and methods of paper/ project preparation and presentation. Management supported this event by all possible ways and means.

- Management has also supported research infrastructure growth in the form of extensive library facility, internet lab and e resources.

- Year wise compilation of research papers presented/published by faculty members in various state level, national level and international conferences is done and the volume of it is reprinted. It is kept in library for reference.

- Research fund is granted by management to the staff members who are pursuing their Ph.D. Research proposal for financial assistance is submitted to the management by research promotion committee.

- Registration fee and travelling allowance to present research paper is borne by the management for all the faculties.

Obstacles faced/ problems encountered	:	- Academic responsibility of the faculty - Responsibility of extra and co-curricular activities

Impact of practice/ evidence of success	:	• In the first cycle of NAAC in 2003-04, college had only one faculty member with Ph.D. which grew to 8 in the second cycle of NAAC in 2012-13. At present, the college has 25 Ph.D. holders out of which 19 were benefitted by this initiative of management. There are 13 faculty members who are pursuing Ph.D. at present. • Successful conduct of Avishkar Research Convention was possible.
Resources required	:	• Research oriented faculty members • Research infrastructure • Over all research atmosphere • Funds

7.4   Contribution to environmental awareness / protection

- Tree Plantation and organization of rally for environmental awareness by NSS and NCC
- Department of Environmental studies conducted excursion to Yeoor hills-a tropical semi deciduous forest eco system. Study tour was arranged to Bhimashankar which is one of the bio diversity hotspot of the world. These two activities were organised in association with Nature club and Science association
- Screening of films relating to various environmental issues
- Exhibition of nature related photographs
- Workshop on eco-friendly Ganpati idol making by Department of Environmental

studies, SAC and Nature club

- Workshop on Dish garden and "micro greens" by Department of Environmental studies and Students Activity Centre
